ABOUT US

Who are High Standard Cleaning Services?

We are a family run cleaning business, who, after looking at similar companies decided we could offer a better level of customer service, value, promises and commitment.

Between us we have 35 years of combined experience in the industry and have the skills and commitment to drive our industry forward by delivering consistent high standards of cleaning.

We work very closely with our staff to ensure our clients needs are met at all times.

Our clients enjoy peace of mind and can focus on their business objectives while we concentrate on maintaining their premises.

Our client retention is testament to our continually high standards. As individuals we are committed to providing all our customers with the highest standards of cleaning.

Our accreditations

“

HSCS transformed our school with their high standard of cleaning. Many people commented that it felt as though we had a refurbishment! From a management perspective, it has been a load off my mind to know that the school is being looked after. The knowledge that our cleaning is supervised and checked, and that cover is provided, is worth its weight in gold. The management at HSCS are approachable and friendly and the staff they provide are of the highest quality.
